SPONSORSHIP OPPORTUNITY: III WORLD TINNITUS CONGRESS & XIV INTERNATIONAL TINNITUS SEMINAR

 **Global Impact of Tinnitus:** Tinnitus affects approximately 740 million adults globally, representing about 14% of the adult population. In Poland alone, 20% of adults and 12-16% of children aged 7 to 12 report symptoms, making this a pressing public health issue.

 **Advancing Tinnitus Research:** The upcoming III World Tinnitus Congress and XIV International Tinnitus Seminar, scheduled for April 13-15 in Warsaw, Poland, are at the forefront of international efforts to address tinnitus. These events are dedicated to advancing research, diagnosis, and treatment strategies through global collaboration. your products and services to an engaged, professional audience.

Event Highlights:

- Keynote speeches from renowned experts.
- Interactive sessions and panel discussions on the latest research and treatment methodologies.
- Opportunities for hands-on demonstrations and workshops.
